

Today's Math Lesson

Once you log on and launch EveryDay Math it will bring you to today's lesson.

6.2 - Comparison Numbers Stories

Today you will be using the Quantity/Quantity/Difference strategy to learn how to solve problems.

First, click on *My Reference Book* all the way on the right hand side under the date. Open to page 30-31. This gives a quick reference to the Quantity/Quantity/Difference strategy. These would be great to review before the lesson.

These pages give reference to some strategies to use (strategies underlined below).

Page 60 have a number grid for reference

Page 78 solving with the open number line

Page 81 solving using base 10

Next, click on GO to Lesson 6-2 Comparison Number Stories. This brings you to the page where there are 6 boxes (there are more on page 2).

Click on box #4 Comparison Number Stories and practice solving by using one of the three strategies or a strategy of your own to solve. (optional)

Last, complete Lesson 6-2 PDF More Comparison Stories. If you would like more math practice, you can complete the Math Boxes online (Box number 6) OPTIONAL.
